Meisner for Teens: A Life of True Acting (level 1)

Ages: High School Freshmen-Seniors, 10-week class

This is a 10 week beginning level Meisner Technique class for teens lead by Eugenie Bondurant, Meisner Certified Acting Teacher and Coach. The Meisner process gives teens the tools to free themselves from self-consciousness and pressures of performance on stage and in life. During the process of studying this recognized course with Eugenie you will be experiencing these valuable skills:

- Authentic transformation in your approach to acting
- Solid foundation of speaking, acting, and being truthful through honest and spontaneous relationship-building exercises
- Refining your observation while becoming more alert to responses
- Working in ways that makes you immediately available to your partner
- Knowing how to make the performance a creative one instead of an imitated one

Each student will keep a journal. Each class will be interlocked with the other and will not be repeated. This beginning Meisner for Teens class is appropriate for actors at any level of acting experience. No Meisner training is required.
